

**TUSTIN UNIFIED SCHOOL DISTRICT
GOVERNING BOARD MEMBER**

FRANCINE PACE SCINTO

AGE: 53

OCCUPATION: TUSD Board of Education Vice President
Parent, Business Owner, Volunteer

For eight years, as your elected school board member, I provided leadership to ensure all TUSD children outstanding education.

The School Board led TUSD to implement rigorous academic standards, including phonics, resulting in significant improvement in student achievement. State test scores increased. Class size reduction continued.

I have a Columbia University MBA and 29 years of professional business experience, currently as owner and manager of commercial real estate. My skills helped the Board formulate conservative fiscal policies including balanced budgets, comfortable reserves and obtaining nearly \$100 million in state funds for new construction. TUSD opened five new elementary, one middle and a high school, on time and budget; TUSD passed its first bond measure and secured \$28 million in state modernization funds. Renovations are underway at 12 sites.

Continuing challenges include the state's fiscal impacts and meeting educational needs on the Tustin Marine Base and in Irvine.

My family is committed to the TUSD community. My husband and I have lived and worked here over 20 years; our daughter is a 2004 TUSD graduate; our two sons attend TUSD schools.

Vote for proven leadership, proven vision, and proven results.
